103 Run For Mo.'s 11 Seats

Congressional Race Is Biggest Ever With 54 Republicans And 49 Democrats

JEFFERSON CITY, Mo. (P) — Missouri, faced with statewide elections for all its 11 congressional seats, has 103 Democratic and Republican candidates toeing the primary election line.

(For a compleat list of all state candidates see page six.)

The deadline for getting into the race was reached last midnight with 54 Republicans and 49 Democrats squared off for the Aug. 5 primary election scramble.

It came about this way:

The state had to cut its congressional districts from 13 to 11 because the 1950 census showed Missouri grew slower than other states.

The Democratic controlled legislature passed a redistricting bill after months of fighting, but the Republicans complained that it gave them only two of the 11 seats. They fostered referendum petitions and got enough signatures to delay the redistricting law.

Before the referendum election can be held in November the candidates must face the primary election test on a statewide (at large) basis.

Only one of the present congressmen deserted the congressional field. He was Rep. Phil J. Welch, Democrat of St. Joseph, who is running instead for the Democratic nomination for governor. The rest — four Republicans and eight Democrats — filed for reelection.

It was like this once before, back in 1932 when 56 Democrats and 29 Republicans ran for Congress. That year the late "Boss Tom" Pendleton of Kansas City backed a slate of Democrats that swept the field. That put him on top of the political heap in Missouri for years.

The congressional derby overshadows all the other statewide races in Missouri, which also elects a governor and U. S. senator this year.

32 Other Candidates

There were 32 more candidates from the major parties in other statewide races — six for U. S. senator, eight for governor, five for lieutenant governor, four for secretary of state, four for treasurer and five for attorney general.

U. S. Sen. James P. Kem of Kansas City has two other Republicans trying to take the nomination away from him. Both are frequent but so far unsuccessful candidates for public office — William McKinley of St. Louis, former trouble shooter for Mr. Truman.

That's shaping up to be the race of the primary campaign.

Donnelly vs. Welch

For governor the Democratic battle is between former Gov. Phil M. Donnelly of Lebanon and Congressman Roger C. Slaughter of Kansas City, who was "purged" in the 1948 primary by President Truman, and W. Stuart Symington of St. Louis, former trouble shooter for Mr. Truman.

The Republican race for governor is more crowded.

Liam F. Matthews, the St. Louis county supervisor, announced he was going to withdraw but he didn't go through with his official withdrawal so he's still on the books.

Other GOP candidates for governor are Rep. W. D. Crue of Eldorado Springs, House minority floor leader; Rep. Howard Elliott, former House speaker; Rep. Stanley I. Dale of St. Joseph; Stephen Burns of Kirkwood and Robert C. Walters of St. Louis.

Some Have No Opponent

But some of the candidates managed to come through without any primary opposition.

Lt. Gov. James T. Blair Jr., was all set up to run for re-election without any Democratic party opposition in the primary. Last night, however, two Democrats jumped into the race in the closing hours — William J. Becker, St. Louis, an attorney, and James W. Hopkins of St. Louis.

Secretary of State Walter H. Toberman, a Democrat, has no primary opposition in his bid for re-election.

Three Republicans are fighting each other for the chance to run against him in November.

State Rep. Richard M. Webster, Carthage Republican, has no primary opposition for attorney general. But four Democrats are in the race for their party's nomination.

Vern F. Carpenter of California, Mo., has a clear field for the Republican nomination for state treasurer. Three Democrats are fighting each other for the chance to run against him in November.

Four minor parties — the Progressives, Socialists, Social-Laborites and Christian Nationalists — also filed partial slates.

Wilson For Extension

WASHINGTON (P) — Former Defense Mobilizer Charles E. Wilson is quoted as saying he favors extension of wage and price controls but thinks they should be better co-ordinated.

Sen. Sparkman (d-Ala.) told newsmen that was one of the things from the B-29 Superfortress, was the first plane of its kind to be reported missing.

Ike Almost Closes Gap on Taft, Wins Shut-out In Mass.

BOSTON (P) — Gen. Dwight D. Eisenhower's popular vote total passed the 229,000 mark in the likely committed to the two leading Republican contenders.

A near-sweep of the delegate records in Massachusetts put these dimensions to Eisenhower's victory.

1. His GOP write-ins alone were more than all the votes cast for all other candidates, both Republican and Democratic.

It was almost a shut-out by Eisenhower, his most convincing primary victory to date.

Along with his overwhelming count in the Republican election, Eisenhower also got a big Democratic vote, big enough to put him in second place behind Sen. Estes Kefauver, of Tennessee, the expected winner.

Massachusetts has 38 GOP convention votes, and Eisenhower today has 29 of them as a result of 27 victories and two previously allotted by agreement. Taft won one delegate. The other six presumably will be uncommitted at the nomination convention in July.

Eisenhower's nation-wide delegate total moved up to 265 as a result of the added delegates. Three more for Taft put his tally at 268, although his managers are claiming 305.

See Even Split For Taft, Ike In 6th District

SALEM, Mo. (P) — Missouri Republicans have started the job of picking their 26 delegates to the National Presidential Nominating Convention with Eisenhower forces claiming both of the first two delegates elected.

The district convention spotlight shifts to the Sixth District at Sedalia tomorrow. At the same time, the 11th, 12th and 13th districts will hold their conventions in St. Louis and St. Louis County.

Eisenhower leaders see the Sedalia convention as split about even. Lawrence K. Roos, managing the St. Louis area campaign, has claimed all six of the delegates for President.

Taft's state campaign manager, Basil Brewer, New Bedford publisher, however, said Eisenhower won because of Democratic assistance. He declared:

"The wide-open solicitation and prodding of the Eisenhower leadership to procure Democrat and so-called independents to vote in the Republican primary raises a serious question as to whether today's voting was a strictly Republican primary."

The Eighth Congressional District convention elected one sure Eisenhower man yesterday and one who said he was leaning in that direction. Cliff Beckham, district Eisenhower manager, said both would be for Ike at the Chicago convention July 7.

Elected delegate from the eastern half of the district was Magistrate H. Glenn Weber of High Ridge, an outspoken Eisenhower supporter. His alternate is Mrs. Grace Haubert of Desloge, secretary of the St. Francois County Republican committee.

The western half of the district chose Carl McKinney, Houston furniture manufacturer and Texas County chairman. He said he was not committed but preferred Eisenhower.

McKinney defeated Mrs. Flossie A. Baird, Lebanon realtor and a Taft supporter, in a 20-10 roll call.

The western counties chose Mrs. Baird as alternate delegate. Elmer E. Snodgrass of St. James got six votes for delegate.

The convention left the delegates unpledged but adopted a resolution, submitted from the floor, endorsing Eisenhower. That came despite a protest from former Congressman William F. Elmer of Salem, a Taft man, that "quite a decided minority" of the convention delegates were not for the general.

Later Elmer said the minority would go along with the majority's choice without any fuss.

For the state as a whole they believe Eisenhower will wind up with 21 or 22 of the 26 Missouri delegates. But they say a few local fights might cut that total slightly.

Also endorsed by the Eighth District convention yesterday were A. D. "Bud" Welch of St. Louis for national committeeman, Howard Elliott of Clayton for governor and James P. Kem of Kansas City for United States Senator.

Vast Search For Plane In Jungle

RIO DE JANEIRO, Brazil (P) — One of the biggest air hunts ever made in Brazil got underway today for the lost Pan American strato-cruiser which vanished with 50 passengers aboard yesterday while en route to New York.

The search area embraced a vast 320,000 square mile area of unexplored jungle, dry plateaus and river basins, many of them with sand bars that might afford suitable landings.

The nine crewmen and 10 of the passengers were Americans.

Pan American officials said 23 planes of the U. S. Air Force and Navy, the Brazilian Air Force and commercial airlines were patrolling a wild rectangular area running 400 miles west from Barranquilla to Xavantina, thence north to Santarem on the Amazon and east to Belem on the coast.

The double-decked Boeing strato-cruiser, a peacetime development from the B-29 Superfortress, was the first plane of its kind to be reported missing.

7 Races In County Primaries

Democrats File Complete Slate; GOP Shy Three For Full Ticket

Pettis County Democrats filled out their ticket for the primary election while the Republicans let three county offices go when candidates failed to file by closing time Tuesday.

No Republican candidates filed for the nomination of judge of the County Court, eastern district; for coroner or county surveyor. By failing to fill the tickets, the county committee cannot fill them for the general election in November, their only power to fill the ticket coming when a candidate who is nominated at the primary election resigns or dies.

The primary nomination in the Democratic party for judge of the eastern district will be the same as election for either Charles M. Scruton, route 5, Sedalia, or Judge E. L. Birdsong, route 1, Beaman.

Need Just One Vote

Dr. C. Gordon Stauffer, coroner, is without opposition in the primary as is Raymond Wilder, county surveyor, and their only now is for one voter to be cast for them in the primary and one in the general election.

The Democrats have a "scrap" in the offing for the nomination for sheriff with four candidates while on the Republican side a likely battle is in the making between three candidates.

In fact the only competition on the county ticket for nomination on the Democratic side is that in the eastern judgeship, sheriff and registrar in the third ward.

On the Republican ticket contestants loom in the race for state representative, sheriff, assessor and public administrator.

Filings for committeemen and women, which were completed late Tuesday night, will be announced later.

The county office filings are as follows:

Democrats

State Representative: William L. Martin, route 1, Beaman.

'Commotion' With Agents Nets Big Fee

WASHINGTON (P) — One ripe "commotion" with tax agents appeared today to have earned James B. E. Olson, a former Internal Revenue Bureau official, a \$94,000 fee from a wine-maker in trouble with the government.

This was the gist of testimony by vintner Joseph Applebaum of New York before a House ways and means subcommittee.

The committee is investigating the activities of Olson, until recently New York supervisor of the revenue bureau's Alcohol Tax Unit, and former Revenue Commissioner Joseph D. Nunan Jr., his close friend.

Olson, a witness before the subcommittee late yesterday, refused to talk about his seemingly lucrative association with Applebaum's wine ventures in 1945-46. The committee called investigating agents for more information today.

The white-haired Olson, who quit his revenue post under fire last fall, balked at answering questions about his personal affairs or finances. He claimed his constitutional privileges to remain silent.

Olson's unproductive appearance climaxed nearly two days of questioning of the cigar-chewing Applebaum, who hesitantly told of big deals in his wine business in 1944 and 1945. One was a \$350,000 interest-free loan from Pepiscola, a soft drink manufacturer which bought out his business in 1946.

Applebaum said Olson, Nunan's assistant when Nunan was revenue collector before becoming commissioner in March 1944, was hired to "take care" of the Alcohol Tax Unit in 1945.

Applebaum said he could not remember any other duties performed by Olson after a rousing "commotion" which stopped the ATU from "persecuting" Applebaum and his associates over the content of their wines.

Believe Senate Cuts On Fund Bills Can Be Kept, Cut More

WASHINGTON (P)—Sen. Ferguson (R-Mich) said today that Senate action on its first two 1953 money bills demonstrates that reductions voted by the House can be sustained and exceeded.

The Senate passed the two measures in a short session yesterday after cutting them a total of 41 million dollars below the House figures.

The bills now go to conference with the House to adjust the differences. One carries \$3,394,047,000 to run the Treasury and Post-office Department in the fiscal year starting July 1. The other contains \$1,785,579,000 for labor and federal security agencies.

The House already has acted on all but three money bills for fiscal 1953 and has cut them by about \$12 million dollars.

Spain's Goodwill Mission Returns

MADRID, Spain (P) — Spain's goodwill mission to sound out the Arab states on a possible Mediterranean peace returned last night after a 25-day tour.

The mission headed by Foreign Minister Alfonso Martin Artajo officially brought home only cultural accords with Egypt and Syria, but hints in the controlled Spanish press have left no doubt that the mission's lengthy conferences with rulers and officials in each Arab capital were aimed at bigger game.

Editorials in the local press have depicted Spain as the logical "bridgehead" between the Western and Moslem worlds because of the Moors' 8th century occupation of the Iberian Peninsula and because both peoples are "guided by religious ideals and anti-communism."

Thirty-eight Pettis County Clubs Awarded Certificates

At the turn of the century, keeping the family fed and clothed took practically all the homemaker's time. And 'twas no small task with few conveniences and limited equipment. But today scientific equipment, modern kitchens, and knowing how to save time and effort enables women to do a better job of homemaking and yet have time for other activities.

Quick to take advantage of the help science has given them, rural women are using those golden hours to the advantage of home and community. Working thru their home economics extension clubs, homemakers share with their neighbors knowledge gained at special training meetings conducted by the home agent and specialists from the University of Missouri. Then these trained leaders carry much of the newest information on better farm family living direct from the College of Agriculture into the homes of those who want to learn.

Recognition of the help local leaders are giving to home and community betterment comes as the 45,600 members of extension clubs in Missouri join some three million other members in the nation in observing National Home Demonstration Week, April 27 to May 3.

Following a standard of achievement set up by representative members, the 2,500 extension clubs in Missouri accomplished much. More than half of them reached the standard and were awarded certificates, says Mrs. Kathryn Zimmerman, state home demonstration agent.

In Pettis County, Miss Mae Everett, county home agent, reports that 38 of the 41 active clubs received certificates in 1951 in recognition of work accomplished largely through the efforts of local leaders. Officers and members of the County Council of Extension Clubs that are planning and directing the carrying out of the Home Economics Extension Work in Pettis County in 1952 are: President, Mrs. Kenneth Anderson, High Point; vice president, Mrs. Howard Turner, Maplewood Better Homes; secretary-treasurer, Mrs. R. C. Wissman, Flat Creek; reporter, Mrs. Lewis Hammond, Longwood; game and song leader, Mrs. M. T. Dahmer, Striped College parliamentarian, Mrs. A. C. Henderson, Bothwell Homemakers; Parent Education chairman, Mrs. Wray Schroeder, Walnut Grove.

Other members are: Mrs. Armel Clinton, Bennett Home Improvement; Mrs. S. M. Baker, Better Homes; Mrs. Raymond Wittall, Blackwater Progressive; Mrs. John A. Rush, Bowling Green; Mrs. Ben Carson, Brown; Mrs. Calvert Rufin, Bryson; Mrs. Lloyd E. Arnett, Camp Branch Homemakers; Mrs. A. B. Cook, Dresden Homemakers; Mrs. Paul Gregory, El Dorado; Mrs. Charles Moore, Georgetown; Mrs. Wesley Harding, Green Ridge; Mrs. H. H. Taft Going Along For \$7,900 Million Cut to Foreign Aid

WASHINGTON (P) — Sen. Taft said today he would go along with a move to cut President Truman's \$7,900,000,000 foreign aid bill to an even six billion dollars.

The Ohioan, a candidate for the Republican presidential nomination, told a reporter he would not initiate a fight for this reduction but would support any move for it on the floor.

The Senate Foreign Relations Committee voted Monday to cut the measure by one billion dollars. The committee meets today to go over the bill again and send it to the floor.

Open House For Golden Wedding Anniversary

Mr. and Mrs. Louis G. Imhoff, prominent citizens of Tipton, celebrated their fiftieth wedding anniversary at their home Sunday with open house from 3 o'clock until 5.

Refreshments were served from the dining table decorated with snapdragons and candles with the color of gold predominating.

In the receiving line with the honorees were their children and grandchildren.

Mr. and Mrs. Imhoff were married April 29, 1902 at St. Andrew's Catholic Church in Tipton by the late Father Francis Keuper. They have spent their entire married life in Tipton.

Mr. Imhoff is the former Rose Becker, daughter of the late Mr. and Mrs. H. J. Becker. She was born in Tipton.

Mr. Imhoff is the son of the late Mr. and Mrs. Phillip Imhoff. He was born in Versailles and moved to Tipton as a small boy.

As a licensed embalmer he engaged in the profession and in the furniture business for 32 years. For a time he was employed with the Frank Gerbs Super Market, Inc. He retired from active business five years ago.

They have maintained through the years one of Tipton's most pitiable homes. Besides their outstanding home and business life they both have been important members of their church, fraternal and civic groups.

They are parents of six children, two are deceased.

Their children and their families were with them for the observance: Bob Imhoff, Odessa; Mrs. Louise Brant, Mrs. Claud (Emma) Howard and Fred Imhoff, Tipton; six grandchildren, Mrs. Eugene Bestgen, Kenneth and Charles Brant, Mrs. Robert Cox, Barbara and Michael Imhoff and three great grandchildren.

Among those from out of town attending open house were: Mr. and Mrs. Kenneth Brant, Kansas City, Mr. and Mrs. J. Mans and Mrs. Alvina House, Wichita, Kan., Mrs. Bertha Yoest and William Yoest, St. Joseph.

Couple Observes Golden Wedding

Mr. and Mrs. A. B. DeJarnett, Monrovia, Calif., formerly of La-Monte community recently celebrated their 50th wedding anniversary at their home in California.

They were married in Sedalia in 1902 and moved from the La-Monte community to California in 1935.

They are the parents of six children: Mrs. H. J. Harkless, Monrovia, Calif., Mrs. T. J. Ray, Buena Park, Calif., Mrs. Carl Rager, Green Ridge; Mrs. Hugh Marshall, Sedalia; Leonard DeJarnett, who lives in Iowa and First Lieut. A. B. DeJarnett Jr., stationed with the US Air Force in Arabia.

Leonard and his wife left from their home just prior to the celebration after visiting his parents since Christmas.

Larry Joe Marshall, 523 East 13th and Mrs. C. C. DeLozier, 237 South Park, are two of the nine grandchildren.

Michael Clayton DeLozier, son of Mr. and Mrs. C. C. DeLozier, 237 South Park is the only great grandchild.

Carrying out the gold and white color scheme, the home was decorated for the day with arrangements of yellow jonquils, golden roses and white camellias.

The anniversary dinner was served by two daughters and their families Mr. and Mrs. T. J. Ray and Mr. and Mrs. H. T. Harkless and his sister Mrs. Dona Van Nata of Sedalia. Mrs. Nettie Ray, Mrs. Pettis Davis and granddaughter Bonnie Haley, Mr. and Mrs. Gayle Farris, Mrs. Myrtle Wooten and Mrs. Edna Young.

The dinner concluded appropriately with a wedding cake decorated in white and gold.

The anniversary celebration was completed with remembrances, gifts, flowers, and cards which showered the couple from relatives and friends.

Triple Birthday Celebration

A triple birthday celebration was held Sunday at the home of Mr. and Mrs. Walter Banning, route 5, in honor of Mr. Banning's father R. Banning, who is 83; Mrs. Banning's father E. W. Brubaker, also 83 and Mr. Brubaker's son-in-law Robert Wiley.

Guests at the dinner were: Mr. Banning of the home, Mr. and Mrs. E. W. Brubaker, Mr. and Mrs. Robert Wiley and two children, Richard and Gary of Columbia; Mr. Wiley's mother Mrs. R. W. Wiley and his sister Mrs. Frosty Billings and two children, Nancy and Bobby of Clinton.

Synthetic Guinea Pigs Produced By New Cortisone

By HOWARD W. BLAKESLEE

AP Science Editor

BOSTON (P)—Synthetic "guinea pigs" are the latest marvels produced by the newest wonder hormone, cortisone.

These synthetics are animals which after receiving cortisone treatments become subject to human diseases they never had normally. That makes them useful for medical experiments.

This new medical exploration was reported in a number of papers today to the annual meeting of the Society of American Bacteriologists.

By this use of cortisone, rabbits at the University of Minnesota are getting typhoid fever. The rabbits receive cortisone in much larger amounts than used for human treatments.

At Minnesota, and Mt. Sinai Hospital, New York City, four kinds of mice "guinea pigs" have been produced by cortisone plus X-rays.

Some of these mice get moniliasis, a human disease known as thrush, that causes ulcers in the mouth. A fungus is responsible.

Two other mice "guinea pigs" get infections from two kinds of fungi that cause ulcers, abscesses and serious complications in humans.

The fourth "pig" is adult mice that get coxsackie disease. That is a virus disease closely resembling polio, but not as serious. Many polio victims have it along with polio.

Council members attending were: Mrs. Charles McNealy, secretary, Mrs. Lester Dunn, treasurer, Mrs. Everett White and Mrs. Mele Vaughan, council members, Mr. and Mrs. Frank Coffman also attended the Friday evening session as they were present in St. Louis. Jerry Brown joined the group Saturday evening and all returned to Sedalia Sunday evening.

Gadget of Tin Cans Helping Move Mail Faster In Office

WASHINGTON (AP)—An almost-human gadget that started out as a collection of old tin cans is about to speed up considerably the handling of mail through the Washington Postoffice.

It is an invention of John Sestak, 42 years in the postal service and now senior assistant superintendent of mails at Chicago.

The device is the product of years of "after hours" thinking and tinkering. Now the mechanism has been turned over to the government for free and unlimited use.

As the inventor, Sestak holds the numerous patents involved but as a government worker he can collect no royalties from Uncle Sam. His only monetary benefit, so far, is a \$1,000 cash award for merit made by the postoffice Department in recognition of his contribution to efficiency of the service.

The most recent issue of "the Postal Supervisor," monthly publication of the National Association of Postal Supervisors, describes the Sestak machine as "the first radical change in mail distribution in the last 100 years."

On the basis of tests at Chicago with primary models since mid-1945, department experts rate the machine 58 per cent more efficient than the commonly-used hand-sorting method. It can distribute 50,000 standard sized letters per hour and through its use 28 workers can do the same job which now requires 43.

Expect Reds To Call New Truce Session

MUNSAN, Korea (P)—The Communists are expected to call for an armistice meeting in the next few days which may make or break Korean truce talks.

The outcome will depend on Communist reaction to a secret United Nations package offer.

Dispatches from Washington quoted Allied diplomats as saying the proposal, handed Communist negotiators Sunday, is "about the last offer we can make."

The Washington view was that there is a 50-50 chance the offer would lead to an actual armistice or an ultimate breakdown of the prolonged talks. It all depends on the decision reached in Red capitals where the plan is being studied.

Officials in Washington privately agreed the secret package offered was a three-point program keyed to the U.N. demand for "non-forcible repatriation" of prisoners of war, which the Reds repeatedly have called a "preposterous demand."

A lengthy attack on the Allied prisoner proposal, Red China's official Peiping radio said Tuesday night: "It certainly cannot be considered by the Korean and Chinese sides."

Washington dispatches indicated the Allied package deal would (1) allow Reds to rebuild North Korean military airfields during a truce if the Communists accept the U.N. principle for prisoner exchange and (3) drop their nomination of Russia as a "neutral nation" to help police an armistice.

Communist negotiators have hinted they wanted to trade off Russia for the airfields. Allied negotiators said it was not a fair exchange.

The Communist insistence that all prisoners of war must be returned to their homes was reiterated by Peiping radio. The U.N. Command says only 70,000 of 173,000 prisoners of war and interned civilians want to be repatriated and it won't force anyone across the line.

Peiping radio, quoting an editorial from the official Peiping People's Daily, charged the Allies "have been trying to retain 100,000 prisoners by force. This terrible scheme of American aggressors has practically wrecked the basis of executive sessions."

Man Believes Woman Would Be Good President

By DOROTHY ROE
Associated Press Women's Editor

Well, girls, who wants to be President?

"I've just been talking to a man who says any woman in the country could do a better job running it than the men have done up to now."

He's dead earnest about it, too, and to prove it has written a book called "Why Women Should Rule the World," to be published May 1 by Vantage Press, New York.

Richard G. Levy (that's his name) points to the successful reigns of such historical figures as Hatshepsut, the woman ruler of ancient Egypt, Elizabeth I of England, Margaret of Denmark and Maria Theresa of Austria. He says:

"Women are by nature more prudent, practical and peace-loving than men. They are ideally suited, by heredity and training, to take over the wheels of government."

"Men are romantic, visionary and bellicose. They should be limited to such things as fighting, exploring, engineering and things requiring courage and physical strength."

Levy hastens to add that he does not suggest that men should stay home and keep house while their wives go out to wrest a living from the world. He explains:

"Men should go out and be men. Government is only a housekeeping job anyway, and what are men doing keeping house? A woman and a household budget should be able to work wonders in Washington in jig time."

The way to accomplish this feminine utopia, says Levy, is for the girls to start a woman's party. The conventional political parties, he feels, are too hidebound ever to endorse petticoat rule. He feels that this step should be taken right away—before the 1952 political conventions if possible. Says he:

"If women don't take over in this generation, there won't be a next generation."

Levy feels that Great Britain and Holland are on the verge of a great rebirth of power and prosperity under the reign of their two young Queens, Elizabeth II and Juliana. He contends that almost without exception, queens have done better than kings.

8 Yanks Killed In 2 Plane Crashes In Japan

TOKYO (P)—Eight American airmen were killed in two transport plane crashes in Southern Japan within 12 hours, the Far East Air Forces announced today.

A C-46 transport on a routine investigational flight crashed into the rim of Mt. Aso, 550 miles southwest of Tokyo this morning. FEAF said all four crewmen were killed.

A C-119 cargo-transport hit a ridge last night on an instrument approach to Ashiya Air Base on Kyushu Island. Fear said its four airmen were killed.

Names of all crewmen were withheld.

Hal Boyle's Column...

Would Improve on Dr. Bell, Teach Proper Use of Phone

By HAL BOYLE

NEW YORK (P)—Do you have "telephone fear?" Or does your telephone shudder whenever you reach for it?

Are you making a real buddy of your telephone, or are you letting it show you up as a bum?

These questions are being explored by a 29-year-old social pioneer named Barry Garfield who is trying to correct a mistake made by Dr. Alexander Graham Bell 75 years ago.

"He invented the telephone," remarked Garfield, "but he neglected to teach people how to use it." With some 35 million telephones

now ringing more or less steadily, Garfield thinks it is high time individuals should realize that the proper use of these little gadgets can help them win or lose social or business success. He also believes corporations fail to appreciate how poor telephone techniques by their employees cost them millions of dollars in terms of lost sales or good will.

Suppose you use the newest toothpaste, smoke a smart cigarette, employ the correct deodorant, wear the right clothes, avoid five o'clock shadow, and keep your mind razor keen by reading only the best books? If you pick up a telephone and bark into it: "Hi' ya, kid," well, all is ruined. You've gone to a lot of self-improvement for nothing.

The telephone projects your personality, and the people judge you by it," Garfield remarked severely. He has founded what he hopes is a new science—tele-technology to remedy the situation. What is tele-technology? Garfield defines it this way:

"It is the study of the economic and social aspects of the telephone and its use by individuals and companies as a business and social tool."

Garfield is writing a book on how to use the telephone and trying to get big corporations and business schools to give courses in it.

Methodists May Not Force Pastors Not to Be Smokers

SAN FRANCISCO (P)—Elimination of the "no-smoking" pledge by ministerial candidates will be recommended to Methodist General Conference, leaders of the committee on the ministry reported today.

Five-year-old Linda Bowyer, who

vanished from home shortly after an insane stranger escaped from nearby Broadmoor Asylum, was found dead in a clump of woods.

Police sought today to learn if Straffen was linked with little Linda's death. They did not know how she died but sent to Scotland Yard for a pathologist to examine the body.

Straffen gave up without a struggle. He was found in the woods about two miles from the Bowyer home, where Linda was last seen riding her cycle yesterday afternoon.

Straffen had been sent to Broadmoor last October after an eight-hour escape.

He had scaled the asylum wall and was free for only four hours.

A minority report will urge retention of the pledge. The question will come before the conference Thursday when it debates a report of the commission to study the ministry.

The opening move in a campaign against the unofficial Methodist Federation for Social Action will be made late today when the committee on the state of the church begins debate on a resolution for submission to the conference.

Opponents of the federation are expected to press for a resolution calling on the federation to remove the word "Methodist" from its title and to vacate its offices in the Methodist Publishing House building in New York.

BPW Club Will Observe Music Week Thursday

The Business and Professional Women's Club will observe the coming National Music Week with a program about and with music, Thursday, May 1, in the Ambassador room of the Bothwell Hotel at 6:30 p. m.

The music committee, Mrs. Edith Donath and Mrs. Nellie Monegan, co-chairmen, will present Mrs. Estine Miles as the guest speaker of the evening. She will talk on the import and significance of National Music Week.

The musical program will be presented by Miss Geraldine Teufel, director of high school music and assistant conductor of the Sedalia Symphony Orchestra. Miss Teufel will present a choral group, and a girls sextette in a series of numbers, many of which are the selections prepared by these musical groups for the music contests to be held at the University of Missouri next week.

A business meeting will be held by Mrs. Everett White, president of the Sedalia club. The nominating committee, Eva Evans, chairman, Mrs. Lois Friske and Freda Mueller, will present a slate of candidates for offices in the Sedalia Business and Professional Women's Club for the ensuing year, which will be voted on tomorrow evening.

The music committee in charge of all arrangements is comprised of Mrs. Nellie Monegan and Mrs. Donald Donath, co-chairmen, Miss Mildred Brackman, Mrs. Imogene Peoples, Miss Irene Ritchey, Miss Doris Stott, Mrs. Beulah Yancey, Mrs. Frank Evans, Miss Eugenia Arnold, Miss Christine Landmann and Miss Mildred Bowman.

Hubbard Opens Season Thursday

The C. C. Hubbard High School Tigers open their baseball season Thursday at 2 p. m. with a game against Douglas High School of Columbia on the Liberty Park diamond.

Hubbard takes the field with several new faces appearing in the 1952 lineup. The recruits have been showing up excellent in practice and should add much strength to the Tigers.

In an intra-squad game the score was 5-2 in which Wyatt and Jackson was the A team battery and Herndon and Cason for the B team. Both pitchers worked with ease, assuring their coach they are ready for the Douglas Bulldogs.

Great Britain produced about half as much coal as the United States in 1951.

Odds and Ends By News Staff

Two women sat down at the table for lunch and one is in the habit of drinking coffee for lunch while the other one isn't.

The one who drinks coffee set the table and put the cup of coffee at the other's place. She ate her lunch and drank the coffee without a thought about it except that the coffee was pretty hot. By the time she had finished lunch the coffee had cooled and really tasted good. She drank the last drop of it and then it suddenly dawned on her that she drank the other woman's coffee.

"Oh," she said, "I drank your coffee, didn't I?" to which the other woman replied: "Well, I never even missed it." —H. L.

Looking Backward

TWENTY-FIVE YEARS AGO

Thirty-two members of the Missouri State Fire Prevention Association were in Sedalia making an inspection of buildings and conditions generally with reference to fire prevention.

Members of the board of education met with architects in conference relative to a contemplated bond issue of \$250,000 for a new Prospect School building and improvements and repairs on other school buildings.

Thomas Gallagher, manager of Cole's Women's Shop, and sister, Mrs. Lee Donahoe, were called to Booneville by the critical illness of their father, J. P. Gallagher.

A special train of President Calles of Mexico passed through Sedalia and it was said to have been the most modern and elaborate of any in the world. Three cars of it were paneled in Mexican mahogany with hand-carved wood and Spanish furniture. It was in charge of Arturo M. Elias, Mexican consul-general in the United States, who was a half-brother of President Calles.

FORTY YEARS AGO

Citizens of Pettis County fittingly celebrated Saturday the victory in passage of the \$200,000 bond issue for rock roads to be the most modern and elaborate of any in the world. Three cars of it were paneled in Mexican mahogany with hand-carved wood and Spanish furniture. It was in charge of Arturo M. Elias, Mexican consul-general in the United States, who was a half-brother of President Calles.

The Herndon Grocery, 608 South Ohio, acquired by O. F. Fowler, was opened for business. J. M. Logan was placed in charge of the store.

Much delay was occasioned to trains on both the Missouri Pacific and MKT, as result of landslides due to overflows of rivers and various streams.

J. Ed. Hall, in charge of the government demonstration farm near La Monte, was in the city attending the good roads bond passage celebration.

UNCLE EF

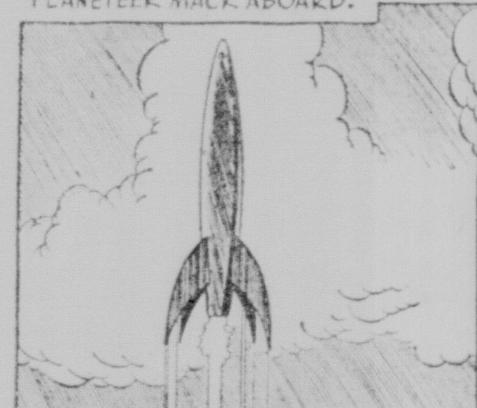

Uncle Ef, the U.S. Mail, is a cartoon strip by Russ Winterbotham. It depicts Uncle Ef, a postman, and his dog, Mack, on their rounds. Uncle Ef is a grumpy old man with a mustache, wearing a cap and coat. Mack is a small, shaggy dog. They are shown in various situations, such as on a train, in a post office, and on a boat.

The local woman's club is considering a resolution of sympathy for the wives of all those Missouri politicians who will be packing up in Washington all summer and having their houses back home tidied up to live in again. With President Truman out as a candidate, the cronies will be out, too, no matter which party wins the election.

Nicaragua's President Somoza Invites Himself to Washington

By Drew Pearson

(Copyright, 1952, By The Bell Syndicate, Inc.)

WASHINGTON — For the first partment expected in upholding its position.

Armed with this 7-0 ruling, written by a Republican, the justice department was considering broad moves against various newspapers this week. He is Gen. Anastasio Somoza, the president — and dictator — of Nicaragua.

President Somoza was not invited to visit the USA, but he's coming anyway. He has to go to the Leahy Clinic in Boston for an operation and sent word that since he would have to be in the United States, he would not think of neglecting to pay a return visit to the man who as "Senator Harry Truman" had paid him a visit while investigating the Pan American Highway as chairman of the investigating committee.

Under these circumstances there wasn't much the White House could do about it, so President Somoza, arriving tomorrow, will be given a quiet luncheon by President Truman.

Neither the state department nor the White House particularly relishes an official visit from the chief of state of Nicaragua first, because our official policy is to ignore and discourage dictators; second, because President Somoza has consistently upset Democratic elections held under the guidance of the United States.

Instead of Rochester, it was tentatively decided to proceed against the Kansas City Star and Times which, located on the Missouri river, have a heavy circulation in both Kansas and Missouri; also against the Omaha World-Herald, which circulates substantially in both Iowa and Nebraska.

Confidential fact is that a grand jury was virtually called to consider the case against the Kansas City Star. But when the matter came to the attention of the White House, President Truman put his U. S. Marines. He organized a Nicaraguan national guard, trained by the Marines; also held elections under American supervision. Gen. Somoza did so well under the U. S. Marines that he became head of the national guard. However, after the United States staged its call-free and fair election, supervised call of him would boomerang.

All these moves were prior to partial. The President told his supreme court decision in the Lorain Journal case, which ruled wages without raising prices before, that a paper using a press service cause, he said, it was making a profit of \$10 a ton.

He neglected to say this was profit before taxes, an omission he may have regretted because Randall all denounced him for it the following night in telling industry's side. But Randall didn't stick to arithmetic.

He tried a few emotional licks in court, such as reminding his TV audience he was a veteran of World War I, a fact which had nothing to do with the dispute and could hardly illuminate it.

Randall wasn't relying on just one speech in his bid for public opinion. He has a high-gear publicity firm which has been loading down the mailmen with Randall speeches and other things ever since.

Meanwhile, the Republicans in Congress, for various reasons which may not be altogether unconnected with politics, hoped on the President for the seizure.

And Truman's Democrats in Congress haven't done much to pull the Republicans off. Mostly they've kept their mouths shut.

So, after its first shot, things weren't going so well with the White House, in a public relations

department, relieved Somoza's clout.

Doctors Needed

JAKARTA, Indonesia (UPI)—Indonesia's minister of health is trying to recruit 200 foreign physicians to work in this country.

Since the transfer of sovereignty to Indonesia, many Indonesian physicians have returned home and the available Indonesian physicians are too few to fill the gap.

Efforts of the Indonesian high commissioner's office in The Hague have not been very successful, however, in spite of the favorable contracts offered.

So far 53 physicians have been signed up. About 50 per cent are Dutchmen. The rest come from other west European countries, especially Germany.

Efforts of the Indonesian high commissioner's office in The Hague have not been very successful, however, in spite of the favorable contracts offered.

One against the New Orleans Times-Picayune was on the basis of unfair advertising practices, while a second and more sweeping case against the Lorain Ohio Journal resulted in a supreme court decision that any newspaper receiving press-service news across state lines was engaged in interstate commerce.

The Lorain Journal case actually involved only the monopoly question of refusal by the newspaper to take ads, if advertisers also patronized competing radio station. However, Justice Burton, who happens to come from Cleveland, Ohio, adjacent to Lorain, and who is considered the most conservative member of the court, went further than the justice de-

cision.

**YOU MAY HAVE
PIN-WORMS
AND NOT KNOW IT!**

Feeding, nose-picking and a tormenting rectal itch are often tell-tale signs of Pin-Worms... ugly parasites that multiply rapidly and can infest *every third person* examined. Entire families may be victims and not know it.

To get rid of Pin-Worms, these pests must not only be killed, but killed *before* they lay eggs. That's exactly what Jayne's P-W tablets do... and here's how they do it:

First—a scientific coating carries the tablets into the bowel before they dissolve. Then—Jayne's modern, medically-approved ingredient goes right to work—*kills* Pin-Worm quickly and easily.

Don't let your children have this dangerous, highly contagious condition. At the first sign of Pin-Worms, ask your druggist for Jayne's P-W tablets. They're small, easy-to-take tablets perfected by famous Dr. D. Jayne & Son, specialists in worm remedies for over 100 years.

To get rid of Pin-Worms, these pests must not only be killed, but killed *before* they lay eggs. That's exactly what Jayne's P-W tablets do... and here's how they do it:

First—a scientific coating carries the tablets into the bowel before they dissolve. Then—Jayne's modern, medically-approved ingredient goes right to work—*kills* Pin-Worm quickly and easily.

Don't let your children have this dangerous, highly contagious condition. At the first sign of Pin-Worms, ask your druggist for Jayne's P-W tablets. They're small, easy-to-take tablets perfected by famous Dr. D. Jayne & Son, specialists in worm remedies for over 100 years.

Raytown Beats S-C Tigers In Valley Meet

By WILL GRIMSLY
A PSports Writer

Smith-Cotton High School tracksters came in second to Raytown in the Class "A" events of the Missouri Valley City district meet Tuesday. Raytown scored 78 points to the Tigers' 75.

Herbert Ford carried the mail for the Tigers scoring first in shot put and the discus, a second in the 220 and third in high hurdles. Jim Bob Shepherd turned in first in the mile, a second in the 880; Chester O'Bannon had a first in the 440 and a second in the 100 yard dash; Ralph "Skip" Shultz turned in a first place tie in the pole vault with James Dent, then scored a second in the high hurdles. Dave Lingle a first in 100 yard dash.

This was the second year for the Valley meet and the results in each event run Tuesday turned into new records.

Raytown had a strong team led by Bailey, who turned in three first places, high hurdles, low hurdles and broad jump; a tie for second in the high jump, while teammate Allison scored first in the 220, second in discus, third in the 100-yard dash, third in shot put; Bell scored a first in high jump, third in high hurdles, Keeton scored a first in the 880-yard run.

Sedalia and Raytown were the only two schools entered in the Class "A" meet.

Six MIGs Go Down In Big Air Battles

SEOUL, Korea (UPI)—United Nations warplanes today shot down six Communist MIG-15 jet fighters and damaged four in May Day eve battles over North Korea, the U.S. Fifth Air Force announced.

U.S. Sabre jet pilots knocked down the half dozen MIGs and damaged three in a fight just south of the Yalu River border between Manchuria and Korea.

A U.S. Marine Corps plane damaged a MIG in another encounter.

U.N. warplanes swarmed over North Korea on bombing missions in clearing skies. Allied infantrymen braced themselves on the 15-mile ground front.

Red infantrymen jabbed into Allied lines on the Eastern and East-Central Fronts in Wednesday's pre-dawn darkness. They were driven back after a fury of hand-grenade skirmishes.

An Eighth Army officers said the actions were "a little more brisk than usual."

American warships and naval planes pounded North Korea's East Coast Tuesday. British carrier-based planes and other Allied naval units attacked West Coast targets.

B-26 light bomber pilots reported 46 Communist trucks destroyed on North Korean highways Tuesday night. Okinawa-based B-29 Superforts dropped high explosives on a main rail line bridge and two airports at Sariwon.

One Superfort attacked Communist front lines with air-bursting bombs.

U.S. Fifth Air Force headquarters said United Nations fighter-bombers have changed their rail-bombing technique to counter the quick-patch efforts of an estimated 250,000 Communist railway laborers.

A spokesman acknowledging a switch in track-cutting methods, said the Allied planes will continue round-the-clock blasts at Communist rail and road communications. "The enemy works hard," he told The Associated Press, "the fighters work harder."

Last week, fighter-bombers cut Red rail lines in 74 places.

But expert Communist track-patchers can repair damage done by a 300-pound bomb within three hours.

"Other damaged spots are more extensive and require more time," the air spokesman said. "And some require a full night's work for restoration."

CHEER JAPANESE PEACE PACT—Crowds outside the Imperial Palace in Tokyo cheer as the Japanese Peace Pact becomes effective. A brief State Department ceremony put the treaty into effect, ending the American military occupation and restoring Japan to full sovereignty. (NEA Telephoto)

"SILENT DEATH" FOR REDS—Tracer paths of "silent death" flame across the sky from the six M-3 type .50-cal. machine guns of a Republic F-84 Thunderjet, undergoing test firing-in operations at Farmington, L. L. This is believed to be first photo of the 1300 rounds-per-minute guns in action. Communist troops in Korea call the 600-mile-per-hour-plus F-84 "silent death" because its bombs and bullets often strike before the plane's approach can be heard.

419,456 Casualties For UN Forces During 22 Months of War

UNITED NATIONS, N. Y. (UPI)—Twenty-two months of war in Korea have cost the United Nations forces an estimated 419,456 casualties and the Communists 1,666,069, a summary of available reports showed today.

The U.N. figures came from member delegations and semi-official sources polled periodically. The Chinese and North Korean toll is estimated bi-weekly by the U.S. Army.

The minister said the man's wife had induced him to "turn Christian" and confess his crime.

On the U.N. side, the biggest loser has been the Republic of South Korea. Sources there put the total casualties, up to early this year, at 301,864—29,440 dead, 101,097 wounded, 165,672 missing and 65,601 prisoners of war.

The U.S. figure announced last week was 107,666, including 16,898 dead.

Ava Suspended by MGM Because She Left For Trip With Frankie

HONOLULU (UPI)—Film star Ava Gardner has suspended her because she came to Hawaii for a holiday with Frank Sinatra, her crooner husband.

She said yesterday another factor in her suspension was that she had turned down two scripts as "not good enough for me."

Sinatra is making concert appearances here.

Lane Wants Congress To Probe Ship Crash

WASHINGTON (UPI)—Rep. Lane Gardner says Metro-Goldwyn-Mayer should investigate the Mid-Atlantic sinking of the destroyer-minesweeper Hobson with a loss of 175 of her crew.

He suggested yesterday that a seven-man committee conduct the inquiry and report to the House.

Rep. Vinson (D-Ga.), chairman of the House Armed Services Committee, said his group planned to leave the matter to a naval board of inquiry already summoned.

Rich Sailor And Admiral In Dispute

HONOLULU (UPI)—The millionaire sailor and the admiral in his pajamas had a five-minute chat. Today the sailor is working for the admiral.

S. 2C Bruce S. Hopping and Rear Adm. Francis C. Denebrink agreed their 7 a.m. chat Saturday wasn't exactly cordial.

Hopping is a naval reservist with a three-million-dollar lumber business in New Jersey. He told the reporter, "The admiral wasn't a gentleman . . . he was uncordial . . . he got huffy . . . he told me to get out."

Denebrink told a reporter he waved Hopping to a seat and Hopping said, "I thought I should come by and let you see what kind of a man I am."

Denebrink said he then told Hopping the procedure was most unusual and that Hopping apologized and left.

The Navy said Hopping had been transferred from the salvage ship Reclaimer to administrative duties on Denebrink's staff. The admiral is commander, Service Forces Pacific.

The skipper and executive officer of the Reclaimer were cleared recently of crew complaints of "petty tyranny."

Denebrink has said the two Reclaimer officers were "unjustly maligned by someone who distributed vicious and distorted rumors about them." He added that the case would not be closed until final action is taken — presumably against an alleged rumor monger. He didn't even hint who that might be.

Hopping freely said he played a leading role among the complaining crewmen. He retained a civilian attorney to represent them.

The sailor caused a minor furor at the Bainbridge, Md., Naval Training Center last September. He issued a public statement that Navy food "wasn't fit to eat."

Hopping's pre-breakfast call

WASHINGON (UPI)—United States officials pondering reasons for yesterday's Russian fighter-plane attack on a French airliner agree on one thing: It opened the 1952 season of spring jitters in Europe.

Four of the 17 persons aboard the Berlin-bound liner were wounded, one seriously. British, French and American high commissioners in Berlin immediately protested the "unwarranted attack," demanding investigation and compensation.

The Russians ignored the protests and sent a counter-protest instead. They charged the plane was not flying in the corridor permitted over the Soviet zone of Germany. When the French plane failed to follow a signal to land, the Russians said, the Soviet jets fired across its bow.

Officials here were considering two possible — and opposite — explanations:

1. That the Soviet deliberately staged the attack as a terror tactic, to spread fear and tension in Europe and thereby, perhaps, slow down the unification of Western Europe.

2. That the whole thing was unplanned, perhaps the result of overzealousness on the part of trigger-happy fighter pilots sent up to check on the airliner.

LONGEST AMERICAN NOVEL?—Linotype operator Harry Tenney begins a marathon typesetting job as he starts to set what is believed to be the longest American novel ever accepted for publication. J. C. French, right, composing room foreman for Houghton Mifflin's Riverside Press, Cambridge, Mass., examines a portion of the mammoth manuscript, piled at left. Written by Waco, Texas, businessman Madison A. Cooper, Jr., the novel, which is as yet untitled, is expected to run to 2000 printed pages.

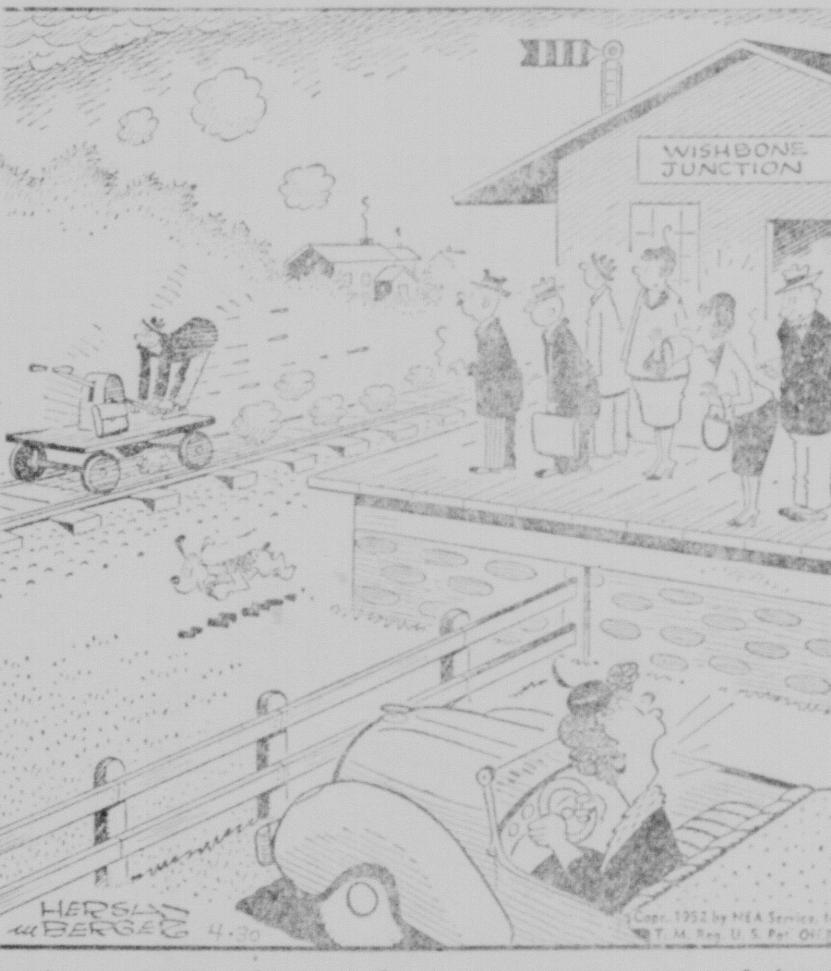

STAR AND STUDENT—Jacqueline du Pre, French figure skating champion turned pro, fascinates a young spectator in Rockefeller Center, New York, on arrival to join a show.

Senior Play Given at Knob Noster High

By Mrs. Russell Kendrick

KNOB NOSTER — The senior play, "Brother Goose" was presented Friday evening at the school auditorium with Mrs. Ruth Holder as director. Characters were: James Logston, Patricia Parker, Dale Wharton, Ann Turner, Lucille Coffett, Thelma Chalfant, Patzy Anderson, Rosemary Siegfried, Jean Logian, Esther Koch and Dale Blaylock. Mardel Ering was business manager. Mary Alice Maness, Ruth Downing and Erma Lee Brandt, property managers, Mary Neil Stevens, Mary Alice Maness, Danny Gist and Cecil Peterman, ushers. Between acts Bernie Clark and Bill Parrot sang vocal solos. Mrs. Holder was presented a bouquet of roses by the class.

Mrs. David Meeker, Berkeley, Calif., arrived Saturday for a two weeks visit with her parents, Mr. and Mrs. J. M. Kendrick, and family.

Mr. and Mrs. Billy Brammer, who have been residing in Denver, Colo., have returned to Knob Noster and are living with her parents, Mr. and Mrs. A. L. Alderson.

Representatives from the Sixth District of the American Legion Auxiliary served during the coffee hour at the Veterans Hospital, Excelsior Springs, Sunday afternoon. Attending from here were Mr. and Mrs. Adolph Jarolim, Mr. and Mrs. Marcus Sammons, Mrs. Tom E. Beatty and Mrs. Charles Peterman.

Mrs. Myron Davis was hostess to the Knob Noster Garden Club at her home Friday afternoon with 17 members present. Miss Mary Hogan was a guest. Mrs. C. F. Covey will be delegate to the State Garden Club Convention in Hannibal May 8 and 9. Mrs. Virginia Lane was in charge of the

Industrial Site Planned

SINGAPORE (P) — Industrialists from Australia and Hongkong are moving into Singapore to set up factories in cooperation with local businessmen.

Initially, separate syndicates plan the establishment of a textile mill, a boot-polish factory and an edible-oil refinery. The factories will be built on a 53-acre plot of ground especially for industrial development. The site has space for 20 factories with staff quarters.
